## **Dorset Wildlife Recorders Register**

The European General Data Protection Regulation (GDPR) means that we need to seek pro-active consent from recorders in order to be able to contact them. We will do this by maintaining a register of recorders who contribute data to DERC and may be interested in other events or notices about wildlife in Dorset.

If you would like to be listed on our database please complete the form below. Your details will not be used for any other purpose, or passed on to a third party.

I understand that if I send in wildlife records to DERC, (directly, via Living Record, or via another recording scheme) my name and contact information may be held at DERC and provided to the county recorder(s) to assist with record verification. It will not be included in online data sets (e.g. the NBN Atlas) without my express permission.

I would like to join the Dorset Flora Group and wish to receive information on their activities.

Please confirm you are happy for your contact details, as listed, to be used in this way by signing below.

## **DERC Privacy Notice**

Your privacy is important to us. The information you provide will be kept on a computerised database used by Dorset Environmental Records Centre for administration and verification purposes. Contact details will only be retained for as long as required for those purposes. Your information will not be passed to any third parties except for the purposes set out in our Data Privacy Policy.

By signing the Recorders Register Opt-in Form you are consenting to use of your personal data as detailed. Further information about the use of personal information is available on our web site at www.derc.org.uk or by contacting DERC by email at derc@dorsetcc.gov.uk or by post at DERC, Dorset History Centre, Bridport Road, Dorchester, Dorset DT1 1RP
